Product Description

✔ CLEANS ✔ PROTECTS ✔ PENETRATES

M7 DEGREASER is a blend of powerful degreaser solvents, detergents and emulsifiers, designed to completely remove any grease, oil or grime from engines, gearboxes and industrial machinery. M7 DEGREASER is water soluble, allowing all dirt to be rinsed away with water after application. M7 DEGREASER is ph neutral and contains no acid or caustic material. M7 DEGREASER is brilliant for cleaning workshop floors. M7 DEGREASER cleans ALL industrial and automotive components.

Available in 500 ml, 2, 5 and 20 litres.

Ideal Usage

Application of Product

Directions:

Brush or spray M7 DEGREASER onto all greasy surfaces. Saturate heavy deposits with sufficient M7 DEGREASER to facilitate removal. Leave for a few minutes and then wash off grease and grime with a jet of water. Engine may then be left to dry or can be dried with compressed air (if available).
